The beauty of stone, the simplicity of siding.
THE ORIGINAL ARTISAN-CRAFTED STONE PANEL

Versetta Stone® Siding offers true authenticity with its natural shapes and hand-crafted details. Backed with decades of experience in the manufactured stone industry, Versetta Stone is the only siding to master the true look of hand-laid stone walls with panels that offer virtually undetectable joints. It’s an advantage that gives siding pros and DIYers an edge in achieving world-class curb appeal.

• Tongue-and-groove interlocking system installs tight and feels more solid
• Can install in any weather, unlike mortared stone applications
• One of the best moisture management systems available
• Hand-painted artistry and realism of natural stone
• Great for interior applications like accent walls, fireplaces, and backsplashes without creating a mess

Shown on cover: Ledgestone, Terra Rosa
WHY CHOOSE VERSETTA STONE®?

From new construction to remodeling, exterior facades to stunning interiors, Versetta Stone® adds the beautiful detail of traditional stone masonry to residential and commercial buildings. With a modern installation method, Versetta Stone offers a complete system founded on quality, selection, and speed.

A REPUTATION FOR QUALITY, PERFORMANCE, AND INNOVATION

- Tested and approved to rigorous building code standards†
- Class A Fire Rating†
- Withstands freezes, thaws, normal winds and heat†
- NAHB Green Approved Product
- Minimum of 50% recycled content as validated by UL Environment™
- ICC Evaluation Service Report ESR-2859

2 FT² Per Panel | 110 MPH Wind Resistance† | 50-YEAR Warranty

†See Versetta Stone® Product Data Sheet for proprietary test results, located at VersettaStone.com
**FLAT PANEL**

The main component of the Versetta Stone® system, the Flat Panel covers two square feet and weighs approximately 17 lbs. Each panel is embedded with a G-90 galvanized nail strip* that allows for easy installation with mechanical fasteners.

*Includes a 50-year corrosive resistant warranty.

---

**UNIVERSAL CORNER**

The Universal Corner panels are the same size and shape as Flat panels but have finished ends. Universal Corner panels fit neatly with Flat panels and are designed for use on end wall terminations and for inside and outside corners. The panels must be cut to create right and left panels.
Mortarless panels are designed for quick and easy installation using mechanical fasteners.
EVERYTHING YOU NEED FOR A PRO FINISH

Versetta Stone accessories make it simple to create a fully finished look without extra hassles or wasted time. Every component, from corners and sills to receptacle boxes to fasteners and adhesives, works as a system with our stone siding panels. Made with the same premium materials and in coordinating styles, colors, and textures, our accessory system ensures you have what it takes to achieve professional results—all in one place.

J-CHANNEL

- Quantities Available:
  - 100 piece box / 6 boxes per carton
  - 500 piece box / 2 boxes per carton

**TEXTURED FINISHING ADHESIVE**
- Coarse texture blends with mortarless stone siding panels
- Perfect for small aesthetic repairs or odd material terminations
- Bonds well to metal coil stock for partial panel and accessory installations
- Can be used to conceal supplementary fasteners
- Solvent free, 100% solids will not shrink
- No special tools or mixing required for application
- Designed for applications in damp, dry or cold* climates

*T25-1" U-Bit™ Included

*Boral Versetta Stone® Textured Finishing Adhesive

*At temperatures as low as 32°F (0°C).
Plum Creek
Sand
Sterling
Terra Rosa
Northern Ash
Actual colors may vary from printed representations.
Similar to dry stack or sandstone, the rugged texture and purposeful irregularity offers a well-worn look that suggests years in the elements.
Actual colors may vary from printed representations.
With the traditional look of Random Ashlar or quarried limestone, this profile fits tightly together to emulate rural 19th century American architecture.
CARVED BLOCK
Combines larger stones, in various sizes, with a chiseled texture to mimic split face stone. Panels are 1-1/2" thick.
