AMERICAN INSTITUTE OF ARCHITECTS

Continuing Education System

AIA/CES Registered Provider Program Summary

Course Description

An examination of the new Mortarless Stone Veneer category of cladding products as it relates to other types of stone veneer, specifically around the areas of installation and applications.

Learning Objectives

- Identify the various types of stone veneer products and material composition.
- Understand the attributes of manufactured stone veneer products and installation systems.
- Define the mortarless stone veneer category and installation method.
- Identify key applications and installation guidelines for mortarless stone veneer.

Target Audience

Architects, owners, specifiers and other design professionals in the residential, commercial, or multi-family housing markets.

Instruction Method

Facilitator may use a PowerPoint presentation or handouts, depending on the audience size.

Audio Visual Required

A screen and electrical power are required. The facilitator will provide a laptop and projector, as necessary.

Facilitator Qualifications

All facilitators will be Versetta Stone® sales personnel, or distributor product specialists who have undergone training on CES guidelines and presentation skills.
